

The Prestonpans Tapestry

Bonnie Prince Charlie ordered special medals like this one to be made and given to his supporters. The picture is of a dead tree, with a new plant growing under it. The new tree represents Prince Charlie, who was young but would grow to be strong and wise.

He was seen as a symbol of **hope** for a new future.

Design your own medal! It might show the Jacobite victory at Prestonpans, or perhaps something you are hopeful for!
